

Ujjwal Dawadi

PROFILE

IT graduate with a passion for turning ideas into real, working applications. I enjoy working with web and data tools, learning fast, and solving problems through code.

EDUCATION

Bachelor of Science in Information Technology

London Metropolitan University, UK
2021– 2024

Higher Secondary Education (Science)

Motherland Secondary School, Nepal
2018 – 2020

WORK EXPERIENCE

Web Developer Intern

Skybase Innovations Pvt. Ltd.

Nov 30, 2023 – Mar 3, 2024

- Developed responsive user interfaces using React.js and Tailwind CSS.
- Built backend APIs with Node.js and Express.js.
- Used Git for version control and collaborated in team-based development.

PROJECTS

Cafe Management System (Dec 2023)

- Designed a desktop café app for handling orders, billing, inventory, and reports.
- Built UI with HTML/CSS in ASP.NET, and backend logic using C#.
- Implemented data validation, item updates, and daily sales tracking.

Online Learning platform (April 2024)

- Built a full-stack e-learning app with user registration, course browsing, and progress tracking.
- Developed responsive frontend using React.js, Tailwind CSS, and JavaScript (ES6+).
- Created RESTful APIs with Node.js and Express.js for course/user management.
- Integrated Firebase for real-time data storage and auth, and used Axios for API communication.

AI chatbot (Jan 2024)

- Created a rule-based chatbot in Python to simulate human-like conversations.
- Applied tokenization, pattern matching, and intent recognition to process input.
- Managed context and guided replies for better conversational flow.
